Inclusive Vienna 2030

01/2022 – 02/2024

Initiator
Fonds Soziales Wien

Objectives

In Programme 2030, the Fonds Soziales Wien (FSW) outlines its long-term strategy regarding provisions for people with disabilities. The programme development was a joint effort of many bodies of the municipality of Vienna. The FSW set a high value on the participation of persons with disabilities in this development process.

"Inclusive Vienna 2030" aimed at the following:

- Definition of strategic goals, improvement and further development of provisions for persons with disabilities based on the UN Disability Rights Convention
- Development of a strategic long-term orientation of the work with people with disabilities
- Decision on measures and projects that are inclusive and take into account the needs of the users
- Participative design of the entire programme 2030 process

Implementation

queraum supported the project "Programme 2030" mainly in two fields: Participation of persons with disabilities and design/implementation of participation approaches:

- External view and innovative ideas for the implementation of the participative process
- Organisation and facilitation of the participation process
- Additional expertise regarding the participation and involvement of persons with disabilities – especially persons with learning disabilities and mental health problems
- Know-how regarding digital participation
- Quality assurance by documentation and prioritisation of user and staff feedback
- Support of the project team
